Komfi Sagitta 76

Category: Lamination Machines
Availability: **estimated time of delivery 30.11.2026**
code: **376**

Price: 0,00€

Short description

Robust and durable design, installed worldwide in 24/7 environments.

Feeding head is processor controlled to provide faultless sheet feeding.
Electronically controlled gate for precise and stable sheet overlap at any production speed.
Easy and fast setting of job and machine parameters through a large graphical touch screen.
Continuous automatic checking & control of the whole lamination process (feeding, temperature, air pressure, sheet separation, etc., to ensure 100% quality result).
