Self-Adhesive Film PP Matt White Supertack SRA3 / 150 Sheets

Category: Selfadhesive film
Availability: **estimated time of delivery 30.11.2026**
code: **348**

Price: 66,33€

Technical specifications

Material: Polypropylene
Surface: Matt White
Quantity: 150 sheets
Size: 320 x 450 mm

Short description

The Self-Adhesive Film PP Matt White Supertack is a premium-grade polypropylene (PP) film specifically engineered for high-demand labeling and printing applications.

With a matte white finish, this film offers a smooth, non-reflective surface that ensures excellent print quality, making it an ideal choice for a wide range of professional uses.
Key Features:
• Polypropylene (PP) Construction: Made from durable polypropylene, this film is highly resistant to moisture, chemicals, and wear, ensuring long-lasting performance. It is suitable for both indoor and outdoor applications where durability is essential.
• Matte White Surface: The matte finish provides a refined, non-glare appearance that enhances the readability and clarity of printed content. This makes it perfect for applications requiring a clean, professional look.
• Supertack Adhesive: Equipped with a powerful Supertack adhesive, this film adheres securely to various surfaces, including those that are challenging for standard adhesives. It is particularly effective on materials such as plastic, metal, and textured surfaces.
• SRA3 Size Format: The sheets are provided in the SRA3 size, offering ample space for efficient label production. The pack contains 150 sheets, catering to high-volume needs while maintaining consistent quality.
Applications:
• Product Labels: Ideal for creating durable labels for products, especially where resistance to environmental factors like moisture and abrasion is crucial.
• Industrial Labeling: Suitable for labeling equipment, tools, and containers in industrial settings, where strong adhesion and durability are necessary.
• Outdoor Signage: The film's resistance to weather conditions makes it an excellent choice for outdoor labels and signs that need to remain legible over time.
• General Labeling: Perfect for a variety of general labeling tasks that require a high-quality, long-lasting adhesive solution.
The Self-Adhesive Film PP Matt White Supertack SRA3 is designed to meet the rigorous demands of professional labeling. Its combination of a durable PP construction, matte finish, and strong adhesive ensures it delivers reliable performance across multiple applications. Whether you're labeling products, equipment, or creating signage, this film provides a superior solution for your needs.
