Stitching wire 15kg reel

Category: Stitching Wire
Availability: **estimated time of delivery 30.11.2026**
code: **318**

Price: 65,94€

Technical specifications

Thicness: No. 24 - 0,60 mm, No. 25 - 0,55 mm, No. 26 - 0,50 mm
Quantity: 15 kg

Short description

Electro-galvanised steel wire for stitching applications in the printing industry.

• High stitching speed on all types of machines and stitching heads (web printing, saddle stitcher, inline-stitching, cross-web stitching)
• Protection of stitching head due to strong adhesive zink coating without layer of dirt
• Low friction resistance due to optimized surface structure and technical lubricating
• Failure-free processing due to consistent mechanical properties
• Good corrosion resistance due to eco-friendly coating
• High penetrating power due to restricted production tolerances
